VOICE, COPY, AND GHOSTWRITING

The words sound polished, but they do not sound like a person with a point of view.

WEBSITE LEAK MAP

My site looks fine, but it is not converting.

ABOUT PAGE REWRITE MAP

My About page sounds like a resume.

LINKEDIN POSITIONING SWIPE FILE

My profile and posts sound generic.

BRAND VOICE DOC TEMPLATE

Everyone writes in a different voice.

WHAT TO HIRE MK FOR

WEB DEV

Next.js portfolio sites, service pages, product libraries, lead magnets, and buying paths built around the message instead of bolted on later.

MARKETING

ABM, paid media, outbound, partner marketing, launch planning, funnel repair, and sales enablement that stay connected to pipeline.

WRITING

Positioning, executive ghostwriting, web copy, product narratives, essays, and practical frameworks with a human pulse.

AI + OPS

Prompt systems, A/B testing loops, KPI dashboards, lifecycle automations, and workflow design for teams that need speed with judgment.

VIDEO HOOKS

WHY MOST ABOUT PAGES SOUND LIKE RESUMES

Your About page is not where your career goes to lie down.

THE HOMEPAGE TEST I USE BEFORE WRITING ANYTHING

If I can remove your headline and put it on a competitor's site, it is not positioning.

BRAND VOICE IS NOT TONE

Voice is the instrument. Tone is what you play on it.

HOW I REWRITE GENERIC AI COPY

AI did not ruin your copy. It revealed that there was no point of view underneath it.
