

GO-TO-MARKET · POSITIONING · PRODUCT MARKETING

THE PMM WHO CAN WRITE THE STORY AND SHIP THE FUNNEL.

Senior growth operator & writer — one pair of hands, no agency layers.

Two decades closing the gap between what a product has become and how the market sees it. I own the narrative end to end — positioning, launches, sales enablement, and the words on every page — so the value is obvious before a buyer ever takes a call.

THE NOTE

To the hiring team,

Most product marketing roles ask for two people in one: the strategist who can position the product, and the writer who can make the words land. **I am both** — and for two decades I have closed the gap between what a company builds and how its market understands it, across Fortune 50s and funded startups alike.

I do the thinking *and* the shipping: positioning, launch narrative, sales enablement, the website, and the campaign that puts qualified buyers in front of your team — no hand-offs, no telephone game. One senior operator who ties marketing to revenue a board will recognize: **\$40M+ in pipeline influenced**.

If your product is outperforming the language you use to describe it, that gap is exactly the work I do. I would love to do it for you.

WHY TALK TO ME

THREE REASONS

- 01 STRATEGY AND EXECUTION IN ONE OPERATOR**
Positioning, messaging, the site, and the campaign all say the same thing and pull the same direction — because one person owns them.
- 02 A TRACK RECORD MEASURED IN REVENUE**
\$40M+ in pipeline influenced across Fortune 50s and startups. I speak fluently to product, sales, and the buyer.
- 03 A PRODUCT MARKETER WHO CAN ACTUALLY WRITE**
The rare PMM who writes every sentence by hand — the launch, the one-pager, the narrative, the homepage.

• POSITIONING & MESSAGING

Category narrative, value propositions, and competitive differentiation that make a product's value obvious to the right buyer.

• PRODUCT MARKETING

Sales enablement, launch playbooks, lifecycle messaging, and a buyer-informed narrative that helps reps win the deals that matter.

• WRITING

Web, long-form, launch, and executive ghostwriting — every line by hand. Copy without strategy is decoration; I do both.
