PROFILE

Senior growth operator with **20+ years** building demand at the intersection of *entertainment IP, creator economies, and performance media*. I turn how a company is seen into revenue it can prove — **\$40M+ in influenced pipeline**, cold-reply rates as high as **32%**, and a publisher network scaled to **80M+ monthly viewers**. Built for pre-launch: I stand up segmented paid campaigns, read signal fast, and hand founders a repeatable acquisition engine ready to scale. **One senior operator, no layers.**
