
*She was still here.
And somehow,
against everything —
still her.*

Still Here, Still Her is a collection of poems about the quiet work of staying: through loss, reinvention, and the slow becoming of a self you choose. Tender and unflinching, these are poems for anyone who has had to rebuild a life from the inside out.

MK Parrish is a writer, brand voice strategist, and author of *The Margins* on Substack. She writes about voice, identity, and becoming at mkparrish.com.
