Prepared for ADP: how I'd sell HRO Comprehensive Services on Long Island. mkparrish.com/adp →

PROFESSIONAL SUMMARY

Consultative, competitive B2B seller with nearly two decades selling technology and services to business owners and executives, from multimillion-dollar Fortune 500 partnerships at DEFY Media to $200M+ in partner-influenced cloud revenue at Ericsson. I run the full cycle today, prospecting, qualifying, presenting, negotiating and closing, at Mercedes-Benz of Smithtown and at my own consultancy, where I'm working with Long Island's construction employers through the Long Island Builders Institute. I learned the HR and benefits buyer at Mercer with CHROs and Fortune 50 leaders, and I prospect with AI-driven research and multi-channel outreach. I'd bring that to ADP Comprehensive Services: selling top-down to small and mid-market owners who want ADP's experts to carry HR, payroll, benefits and talent while they run the business.

PROFESSIONAL EXPERIENCE

SALES CONSULTANT

Smithtown, NY · 2026 – Present

Mercedes-Benz of Smithtown

Consultative sales of a premium, technology-heavy product line to Long Island buyers and business owners.

- Own the full consultative cycle: prospecting, discovery, presentation, financing, negotiation and close.
- Sell on total value, not sticker price: warranty, service, technology and peace of mind, the same case Comprehensive Services makes against a cheaper payroll provider.
- Opened a new prospecting channel by calling service customers ahead of their appointments, turning existing customers into showroom appointments.
- Mastered a complex EV, hybrid and driver-assistance portfolio, and coded a custom web-based inventory lookup tool to answer buyer questions in real time; built a test-drive booking page and short-form video series that bring new buyers in.

FOUNDER & PRINCIPAL CONSULTANT

New York, NY · Jan 2026 – Present

MK Parrish

B2B consultancy delivering go-to-market strategy, web development, social media, branding and ghostwriting.

- Prospect, pitch, price and close every engagement directly with business owners.
- Working with the Long Island Builders Institute (LIBI) and its subcontractor network: owners of growing construction and trade businesses with multi-site crews, union and prevailing-wage payroll, and heavy compliance needs.
- Run multi-channel outbound powered by AI-agent workflows for account research and personalization, booking meetings at cold reply rates as high as 32%.
- Delivered $40M+ in influenced pipeline across client engagements.

MARKETING MANAGER

Hauppauge, NY · Nov 2024 – Apr 2025

Atlantic Ultraviolet Corporation

- Partnered with sales leadership in recurring pipeline reviews to refine territory targeting and grow distributor and contractor revenue for a Long Island manufacturer.
- Built account-based programs and sales enablement tools tied to active opportunities.

PROFESSIONAL EXPERIENCE, CONTINUED

SENIOR CHANNEL MARKETING MANAGER

Remote · Nov 2019 – Oct 2024

Ericsson (Vonage)

Cloud communications and API platform sold to businesses through reseller, referral and agency partners.

- Ran recurring deal-stage reviews with sales leadership to unblock stalled opportunities, raising enterprise win rates 15% and shortening sales cycles 30% in targeted segments.
- Positioned a bundled Salesforce offering as a cross-sell, accelerating pipeline 25% and lifting average contract value 20%.
- Scaled EMEA partner programs from launch to $200M+ in influenced revenue.
- Launched Dollars for Demos, an incentive program that put more first meetings on partner calendars.

SENIOR PARTNER ACCOUNT MANAGER

New York, NY · Jul 2012 – Feb 2016

DEFY Media

- Closed multimillion-dollar partnerships with Sony, Warner Bros. and Google across complex, multi-stakeholder enterprise cycles.
- Managed a book of 150+ accounts reaching 80M+ monthly viewers, driving retention and expansion revenue.

MARKETING MANAGER

New York, NY · Jun 2010 – Jun 2012

Mercer (HR & benefits consulting)

- Built relationships with CHROs and Fortune 50 HR leaders, growing a single CHRO forum into 50+ executive networks focused on HR, benefits and workforce strategy.
- Negotiated global vendor and venue contracts, cutting operating costs 50%.

CHANNEL MARKETING MANAGER

New York, NY · May 2008 – Jun 2010

Take-Two Interactive

- Drove $20M+ in product revenue through national retail partners.

WHAT I'D SELL: ADP COMPREHENSIVE SERVICES

- **Comprehensive Pay:** Payroll administration, tax filing and compliance, audits and reconciliation, run by ADP specialists.
- **Comprehensive Benefits:** Benefits administration, open enrollment and carrier invoice reconciliation, with a Benefits Specialist.
- **Comprehensive HR:** Day-to-day HR guidance, compliance support and a forms and best-practices library, with an HR Specialist.
- **Comprehensive Talent:** A Talent Consultant to help source, hire and keep the right people.
- **Across every bundle:** ADP Workforce Now, a strategic advisor, regular business reviews and phone support for employees and managers. The client keeps its plans and its decisions.

ADP QUALIFICATIONS AND MY PROOF

- **Adaptability & emotional intelligence:** Read the room for a living: a first-time luxury buyer, a CHRO at Mercer, a subcontractor owner on a job site. Each needs a different conversation.
- **Critical thinking & business acumen:** Built ROI forecasting models for retail promotions at Take-Two and KPI dashboards tying marketing to revenue at Atlantic UV; I'd sell Comprehensive Services on the cost of the work it removes, not price per employee.
- **Communication & persuasion:** Closed multimillion-dollar, multi-stakeholder deals with Sony, Warner Bros. and Google; published author and ghostwriter.
- **Grit & resilience:** Built a consultancy from zero, cold-prospecting every client, while selling on the floor at Mercedes-Benz.
- **Sales execution & territory management:** Ran Salesforce deal-stage reviews that raised win rates 15% and cut sales cycles 30%; partnered on territory targeting at Atlantic UV.
- **Modern selling skills:** AI-agent workflows for account research and personalization, with cold reply rates as high as 32%; coded my own sales tools.
- **Consultative, solution-based selling:** Nearly two decades selling services and solutions, plus a cross-sell (+25% pipeline, +20% ACV) built with internal partners at Ericsson.

SELECTED RESULTS

$200M+ partner-influenced revenue · **+15%** enterprise win rate · **–30%** sales cycle length · **32%** cold outreach reply rate · **150+** accounts managed · **+20%** average contract value · +25% pipeline from cross-sell · $20M+ retail revenue · $40M+ influenced pipeline
